About *The Go-Giver*

In 2008 a "little story about a powerful business idea" took the business world by storm with its message: that shifting our focus from *getting* to *giving* is the simplest, most fulfilling *and* most effective path to success in business and in life.

Rapidly going from national bestseller to global phenomenon, *The Go-Giver* soon gained a devoted following in its original English and in more than sixteen foreign-language editions. From schools, churches and hospitals to law firms and information technology companies, individuals and groups around the world have applied the book's Five Laws of Stratospheric Success to their organizations and businesses, relationships and personal lives.

18 Ways to Get More Affiliates to Promote Your Product

I was browsing the Warrior Forum, getting my daily fix of information when I came across [this post](#) that suggested banning PayPal from the Warrior Forum, meaning no more Warrior Special Offers could be listed using PayPal as a payment processor.

Would this be a bad thing? Well actually I think it would but that post brought up some interesting discussion. It's clear to see that listing a Warrior Special Offer using PayPal as a payment processor can put your account at risk and here's why. Imagine this scenario?

You've been doing well online, putting around \$500 – \$1000 through your PayPal account each month. Things are looking good and your business is growing each month.

You then decide you want to create a Warrior Special Offer to teach others your skills. So you list your offer and set up an affiliate program, your Warrior Special Offer becomes a huge success and makes WSO of the day and you generate \$10,000 in

Excellent points you've made, John. I got so much information from WSO Domination and it was worth every penny it cost me. I know when my own WSO is ready I will not be making the mistakes you set out as I will follow your plan of action.

Enjoy the journey.

I'm considering launching a WSO so this information will come in handy.

The last time I did one was about 2 years ago but it's different beast now is WSO.

Thanks anyway John, if I do launch a WSO I may just pick up your course.

Re: Ban PayPal from Warrior Forum?

I use ClickBank for most of my WSO's and have put over \$100,000 in sales via WSO's through this forum using ClickBank, it can be done.

Also, ClickBank are aware there is a need to provide a service to WSO sellers and are watching so a change could be on the way.

A man in a dark suit, light blue shirt, and red tie is pointing his right hand towards the viewer. Three blue circular icons with white outlines, each containing a simple smiley face, are overlaid on the image. The central icon is positioned directly behind the man's hand. A semi-transparent grey horizontal bar spans the width of the image, containing the text "HAVE YOU RECEIVED VALUE TODAY?" in white, bold, uppercase letters.

HAVE YOU RECEIVED VALUE TODAY?

IF YOU GOT VALUE FROM WHAT I SHOWED YOU TODAY FOR FREE, WHICH IS JUST THE TIP OF THE ICEBERG OF WHAT I COULD SHOW YOU, THEN I CLEARLY WOULDN'T BE DOING MY JOB IF I DIDN'T EXTEND THE OPPORTUNITY FOR YOU TO TAKE THINGS TO THE NEXT LEVEL...

Most students will still be paying back loans from their university days in their 40s and 50s, and many will never clear the debt, research finds.

Almost three-quarters of graduates from England will have at least some of their loan written off, the study, commissioned by the Sutton Trust, says.

The trust says the 2012 student finance regime will leave people vulnerable at a time when family costs are at a peak.

Ministers said more students from less advantaged homes were taking up places.

The study, written by researchers at the Institute for Fiscal Studies (IFS), assessed the impact of the new student loan system for fees and maintenance, introduced in England from September 2012 to coincide with higher tuition costs of up to £9,000 a year.

The study - entitled Payback Time? - found that a typical student would now leave university with "much higher debts than before", averaging more than £44,000.

It says: "We estimate that students will leave university with nearly £20,000 more debt, on average, in 2014 prices (£44,035 under the new system compared with £24,754 under the old system).
